6 dní v PAŘÍŽI

Paříž? Pařim, ale v Košířích.

Tak na tuhle otázku už máme i jinou odpověď.

Ano. Paříž.

Byli jsme tam šest krátkých dní na konci roku 2011. Šest krátkých a přestože se slunce ukázalo naplno až v samém závěru pobytu, šest krásných dní. To počasí může i za to, že fotografií města moc neuvidíš. O to více je věnován prostor sochám a obrazům.
